

SPEAKER BARRETT: Senator Withem. Discussion on the advancement of the bill. Senator Hall.

SENATOR HALL: Just real briefly Mr. President in response to some of Senator Chambers' remarks, not all but just some, humans are rationale animals and hopefully legislators are rationale animals as well. I rise to support LB 218, always have. I would have thought that we would have risen to that pinnacle as Senator Chambers would have us do and solve problems and be thinking animals and that we would have recognized as we have in LB 218 that there is a problem there and that we do plan to solve it but that if we would have adopted my amendment or Senator Johnson's amendment that we would have hopefully not had a problem in the future, but we didn't do that and we will see Morrill Hall renovated and it will be lovely for about twenty to thirty years and then we will be back here, Senator Warner will be here, Senator Chambers will be here, Senator Johnson and I will probably be displays in Morrill Hall. But, with that ladies and gentlemen it is a great institution and it is a great facility that we probably should all partake in more often and I would urge the body to pass LB 218 on.

SPEAKER BARRETT: Senator Haberman. Senator Haberman on the advancement of the bill. Senator Harris, Senator Harris waives. Senator Marsh.

SENATOR MARSH: I move the previous question.

SPEAKER BARRETT: Question has been called. Five hands please. Yes, I do. Those in favor of ceasing debate please vote aye, opposed nay. Record.

CLERK: 26 ayes, 0 nays on the motion to cease debate Mr. President.

SPEAKER BARRETT: Debate is ceased. Senator Wesely please for closing.

SENATOR WESELY: Thank you. Mr. Speaker and members, very briefly I do apologize that we have taken a couple of hours on the issue. We have gotten into some other issues, especially on the fee issue that are worth discussing. I will again emphasize as a supporter of Morrill Hall, and I appreciate Senator Hall and what he is saying and Senator Johnson to support this activity. If I could find any way to increase support for that
